

8kg 8000 series SensiDry heat pump dryer with AbsoluteCare System, 7 energy star rating, ProSense, and Woolmark Blue accredited.

RRP AUS \$2,099.00

Product Details

FEATURES

The gentle way to dry wool
The Woolmark Blue certifies that the most delicate, hand wash safe, woollen garments can be tumble dried.

ProSense auto sensing

OKOFlow single filter system
A single filter that is easy to reach and clean, maintaining drying effectiveness and the energy efficiency of your dryer.

Silk Program
A specialised silk program where garments are held aloft in the cradle movement of the drum to ensure protection of your most delicate fabrics.

ProTex Soft Drum
Reverse tumbling action ensures better tumbling and airflow resulting in even drying and less creasing.

Full reversible door
Customise to your needs with four different handle positions.

LED drum light

Auto Off function

BENEFITS

Precise protection for your clothes
Programs in our unique AbsoluteCare System precisely control the movement and temperature of the drying drum. Woollens are kept flat against the drum to replicate flat drying. Silks are held aloft in the cradle movement of the drum to protect from damage. Every fabric gets the right drum action and temperature to dry it completely whilst preserving their quality look and feel.

The gentle way to care for wool
The Woolmark Blue certification in drying will treat each item in the gentlest possible manner, meaning you can safely wash and dry all of your hand wash woollen garments.

Care for all your fabrics
ProSense technology uses advance humidity and temperature sensors to adjust the drying time and energy consumption to suit individual loads whether its a days or a weeks worth of drying. This saves time and energy whilst gently protecting the clothes that you love and wear every day.

Safe, low temperatures
SensiDry heat pump technology dries with low temperatures and uses precise sensors to monitor the drying cycle. This ensures that fabrics are never subject to unnecessary heat meaning your clothes will keep the textures they had for longer.

A single filter for high efficiency

AEG dryers come with an efficient, single filter that is easy to reach and clean. The streamlined helps airflow dries every load seamlessly and maintains the dryers effectiveness and energy efficiency.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	5
Dryer Type	heat pump
Capacity (Kg)	8
Wall mount option	no

ENERGY

Energy Efficiency Star Rating	7
Energy Consumption (KWhr/yr)	151

DIMENSIONS

Total height (mm)	850
Total width (mm)	600
Total depth (mm)	663

CONTROLS

Type of controls	electronic rotary, Touch button
Options available	delay start, anti-crease, extra silent, time dry, Refresh, eco, internal drum light, reverse tumbling action, Dryness level
Type of display	LCD
Fabric type selection	cotton, synthetics, wool, silk

BUTTON FUNCTIONS

PRODUCT INFORMATION

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux Home Products Pty Ltd (Australia) and Electrolux (NZ) Ltd (New Zealand) will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Colours of products illustrated are as close as printing limitations allow. Electrolux will at all times comply with its obligations pursuant to law including Trade Practices (Australian Consumer Law) Act and Regulations.

WARRANTY

Electrolux Home Products warrants that for domestic applications the AEG appliances featured are free from defects in materials and workmanship for 5 years (3 months warranty for commercial applications). All warranties are subject to the conditions set out in the warranty card accompanying the product when purchased.
